Our School

Our vision is to nurture and develop each child holistically; to cultivate a child who will become resilient, independent and able to confidently participate in modern society. To foster and achieve this, we work closely with children and their families to provide a safe and dynamic learning environment, utilising all technologies and innovative programs in the field of special education.

Canning Vale Education Support Centre (CVESC) is an Independent Public School (IPS) for students with an intellectual disability primarily, who may or may not have other disabilities. We have five classrooms. Twelve students attend our Early Intensive Intervention Program (EIIP) for Kindergarten and Pre-primary. Eight teachers (four part-time) deliver our programs with 19 education assistants, (five part-time) supporting them. Our principal manages and ensures the delivery of quality teaching and learning and our registrar manages the school finances.

We are on a shared campus with Canning Vale Primary School (CVPS) and share policies, procedures as well as the core values of Pride, Respect and Excellence. We focus on respect (particularly self-respect and respect for others) to assist in the development of each student's resilience. Integration of our students is encouraged by both schools. This provides role models for appropriate behaviours, communication and interpersonal skills and an opportunity for our students to practise and generalise mastered skills in the mainstream setting.

Each student is assessed individually and has his or her own Individual Education Plan (IEP) which is developed by all key stakeholders, including parents, teachers and outside agencies. Meetings are held twice a year to formulate suitable IEP goals with additional meetings available if required. The IEP details past progress of the student, current goals and strategies and how these goals will be taught. The IEP provides a form of accountability for all people involved in the student's education.

We actively encourage student independence and this is reflected in each student's Individual Education Plan (IEP), Reporting to Parents, Whole School Planning and our school priorities, Communication (Listening and Speaking) and Interpersonal Skills.

School Priorities

Communication (Speaking and Listening) skills are of the highest priority for all students. Individual goals are developed with consideration to each student's needs, methods of communication and ability level. Students who have verbal skills will further improve articulation, learn to speak in full sentences, demonstrate comprehension skills (verbal and written) and respond to instructions. Non-verbal students will develop individualised and effective forms of communication, utilising appropriate assistive technologies such as the iPad (in particular Proloquo2Go), PECS (Picture Exchange Communication System) and AUSLAN to communicate their needs while asking/answering questions and relaying personal information.

Interpersonal Skills All students learn socially acceptable interpersonal skills, including greetings/farewells, turn-taking, waiting, sharing and safely interacting with members of the community on the Community Access Training Program (CATP).

Integration is negotiated by teachers with a deputy principal of Canning Vale Primary School. Experience has shown that students with demonstrated self-regulation skills, who always make good choices, succeed at integration. Music, Art and Physical Education are subjects of preference for integration for our students as they can participate more fully with their mainstream peers during these times. Opportunities are limited for our students to integrate into more academic classes as our students find it hard to understand unfamiliar subject matter and to keep up with their mainstream counterparts. Consequently, this defeats the purpose as they often become reluctant to attend integration and become very distressed. Every student has different needs and capabilities and we will endeavour to do our utmost to integrate your child for Music, Art and Physical Education.

Key Educational Programmes

All programmes have an independent living focus and are taught using a cross-curricular approach.

Literacy Skills is delivered intensively daily, and comprises a significant portion of the morning routine. All students learn pre-reading and reading skills consistent with their ability levels, including functional reading, including the reading of community signs. Teachers also work together with families to develop students' reading goals, utilising well-researched strategies such as daily home reading, shared reading, sight words and explicit one-to-one instruction. To supplement these strategies word/reading games and targeted activities are also used.

Numeracy Skills All students complete numeracy activities daily, and learn skills consistent with their ability level. These include using numbers in everyday situations, for example, recognising home phone and address. Students with higher numeracy skills engage in activities that are more consistent with the Australian National curriculum and integration offers these students opportunities for extensions.

Community Access Training Program (CATP) Our school has a regular Community Access Training Programme for students. This essential programme provides opportunities for our students to learn to use public transport and access various venues in Perth. Protective behaviours, road safety, social skills and functional reading are included in this programme. This complements our school programmes by generalising skills and knowledge from the classroom into the community.

Cooking is taught in all classes weekly with an emphasis on learning to cook healthy recipes that children can do at home. An annual Independent Living camp, enables students to practise cooking in a real-life setting. The students do all the food preparation and cooking in kitchens, as well as household cleaning in the kitchen and living areas, the dormitories and bathrooms. The camp also provides opportunities to practise self-care. It is an annual event for Year five to six students.

Laundry/Clothing care The ESC laundry allows Year 6 students to wash, dry and iron clothes for the joint campus P&C Uniform shop, and to launder, dry, sort and store school linen.

Music Therapy The school curriculum offers music to students, and incorporates both an educational and a therapeutic component. Areas such as singing, movement and concentration are addressed with fun musical games, using activities developed by an experienced music teacher. This year our school is running the Music Rocks Programme in semester one for our Senior students.

Dance Students can participate with the annual Primary School Edu-Dance and Year Six Graduation Dance Programme. All participate in a modified Dance Program in semester two culminating in a concert where parents and students can dance together.

Fundamental Movement Skills (FMS) FMS is an internationally recognised program involving group sessions and targeting skills such as throwing, catching, running and team games. Learning these skills enables students to integrate with their peers and participate in the primary school's annual carnival. Swimming, which is conducted off-site for two teams each year, focuses on all aspects of water safety. Bowling, which occurs in Term Two of each year, helps students develop hand-eye co-ordinations, strength, balance, mathematical skills, whilst also teaching them a recreational activity. Further, it provides an opportunity to generalise interpersonal and communication skills in a public-setting.

Information and Communication Technology Our school uses the latest technology across all learning areas. Technology is applied in real-life scenarios to improve learning outcomes for all students. The principle benefit of using advanced technology is that it can be adapted for cross-curricular purposes. iPad applications are used to improve literacy, numeracy and develop interpersonal skills.

Information and Communication Technology Our school uses the latest technology across all learning areas. Technology is applied in real-life scenarios to improve learning outcomes for all students. The principle benefit of using advanced technology is that it can be adapted for cross-curricular purposes. iPad applications are used to improve literacy, numeracy and develop interpersonal skills.

Protective Behaviours is a program that provides essential life skills for the students, whose disabilities might otherwise make them particularly vulnerable members of society. Lessons are run weekly and target topics such as feelings, private vs. public, networks of safe people to talk to, body parts, assertiveness, personal space and resilience. The CATP is an essential component for practising protective behaviours in the community.

Autism Early Intensive Intervention Programme (AEIIP) This unit provides intensive instruction for Kindergarten and Pre-primary students diagnosed with ASD. The aim of the programme is for the students to continue on to a mainstream primary classroom for Year One. The unit operates according to Applied Behavioural Analysis (ABA) philosophy and employs the latest research-based pedagogy for students with ASD.

The program places an emphasis on literacy, with reading skills taught intensively to every student at their own ability level. Concurrently, home programs are developed in consultation with parents. Fine motor and gross motor skills are taught sequentially, using a variety of equipment. Play skills and interpersonal skills are taught in an intensive and structured way. Early Intervention gives students the greatest chance of reaching their potential and experiencing success in their school years.

Individual Education Plans (IEP's)

All students have Individual Education Plans based on their individual needs. Individual Education Plans (IEP) are developed in collaboration with parents and key agencies or services in term one and three for each student. Short term and long term goals are established at these Collaborative Meetings.

School Board

Canning Vale Education Support Centre has an elected School Board in accordance with the Education Act, which meets the needs of the school and the community. Parent members of the School Board endorse the Business Plan and the Annual Report. There will be ESC functions providing you with opportunities to meet the School Board during the year.

Reports to Parents

The following reporting cycle is currently being used at Canning Vale ESC:

Term 1	IEP meetings with parents and key agencies
Term 2	Semester one IEP Report
Term 3	IEP reviews
Term 4	Semester two IEP Report

A daily communication book provides daily feedback to parents on their child's progress.

Enrolments

Kindergarten and Pre-primary children with a confirmed diagnosis of Autism or Global Development Delay (GDD) are able to enrol in the centre. GDD must be confirmed within 12 months of enrolling.

Year one to six children with an Intellectual Disability below 70, are eligible to enrol in our school. All applications to enrol are sent to a Department of Education Senior Psychologist who verifies and confirms the disability diagnosis and eligibility to enrol.

Hours of Instruction

The School (Years K – six) follows the same hours of instruction as Canning Vale Primary School, 8.44am to 3.00pm. These may vary slightly for those students using the school bus service.

Hours of Instruction are:	First Siren	8.35am
	School commences	8.44am
	Recess begins	11.00am
	Recess ends	11.20am
	Lunch play commences	12.20pm
	Lunch eating begins	12.40pm
	Lunch ends	1.00pm
	School finishes	3.00pm or 2.30pm on Wednesday

ESC Kindy:	Monday	8.45am - 3.00pm
	Wednesday	8.45am - 2.30pm
	Friday (half day)	8.45am - 11.45am

It is essential that students are collected on time as the staff have other commitments within the school after this time

Early Intervention Unit:

Kindy:	Monday	8.45am - 3.00pm
	Wednesday	8.45am - 2.30pm
	Friday (half day)	8.45am - 11.45am

Pre Primary:	Tuesday and Thursday	8.45am - 3.00pm
--------------	----------------------	-----------------

Refer to Appendix 1 attached for the term dates and the scheduled Professional Learning (PL) dates for the year. Please note that students **DO NOT** attend school on the School Development dates.

**Parents, to ensure a smooth start to the daily programme it is requested that you do not linger in the classroom as it can be unsettling and distracting for some of the students and staff need to keep to routines and get ready for the daily lessons. We are developing students independence and it is essential that students carry their own bags, unpack them and enter their classrooms on their own. Appointments should be made to meet with teachers at a mutually convenient time.*

House Factions

All children in the school are placed into a House Faction upon enrolment. The Administration carries out the placement of incoming students in to their respective Houses. All members of a family will be placed in the same House. Some school activities, eg. Sports, class activities, playground and assembly behaviour, are organised where the House format can be utilised if considered appropriate. The Houses and their colours at Canning Vale ESC are as follows:

Eyre (Blue)	Forrest (Gold)
Stirling (Green)	Stuart (Red)

House sports shirts, printed with the House logo, and reversible school hats that have the faction colours on one side, are available to purchase from Uniform Concepts.

School Staff Structure

The school has five classrooms, a principal, manager corporate services and school officer. Each class has a teacher and an allocation of education assistants. Some students may be allocated extra education assistant time. The principal decides on the allocation of education assistants time to individual classes based on student needs. There are also two support teachers.

Leaving the School Grounds

On arrival at school, please take your child to the undercover area. Children **must not** be in the school grounds prior to the arrival of staff at the school, which is 8.15am.

Movement around the school will be allowed from 8.35am and will be signaled by the school bell.

Once they have arrived at school, children will not be permitted to leave before the normal dismissal time, unless they have a signed Leave Pass. Leave Passes are obtained at the CVESC office found in the Administration building and must be obtained prior to the collection of the student from the classroom. Where a child is to be collected by an adult, other than the child's parent, prior contact from parent to class teacher is necessary. If staff have not been notified the principal may prevent the person from collecting your child. Please notify the school principal in writing if you would like your child to walk home independently, from school.

Safety / Pick up of Children

All Education Support Centre students are to be collected from classrooms, unless other arrangements have been made in writing and authorised by the ESC Principal. All car parks at the school have a disabled bay for use by parents of **physically disabled** students, displaying an ACROD parking permit. Please note that the car park adjacent to the tennis courts is for the school bus only and the car park adjacent to the administration area is for staff only.

Supervision

Students will be supervised from 8.35am until 3.00pm or 2.30pm on Wednesday. Students are not to attend school prior to 8.35am unless specific notification is given to parents for special activities. Supervision is provided by staff from 8.15am to 8.35am in the undercover area. The students are supervised by teachers and education assistants in the playground during lunchtime and recess breaks. The students play for twenty minutes at lunchtime and then go back to their classrooms or to the undercover area to eat their lunches.

Students, who require closer supervision to ensure their safety during recess and lunch, will have special provision made to suit their needs. Students are required at all times to follow the campus playground rules and any student found breaking those rules will be subject to the school policy on Behaviour Management.

Playground rules are based on three aspects of behaviour: Safety, Abuse and Disobedience.

Our children are given respect awards if they display: Self Respect, Respect to others and Respect for the Environment

Information

Absences: If your child is to be absent from school for any reason, you will need to ring the school before 9.00 a.m. To meet legal requirements, a written explanation is also required when the child returns to school, even when parents have notified the school in person or by phone. If the absence is to be on a regular basis, for example to attend therapy, only one note of explanation to cover the intended period is required.

Annual Report: The school produces an Annual Report, which completed by the end of Term of the next school year, and available to parents after the School Board has endorsed it. This report briefly describes the events from the previous year and areas of strengths and weaknesses identified by the school community.

Answering Machine: There are times when telephone calls to the school will go automatically to our answering machine. This is unavoidable and we will endeavour to answer your call as soon as possible. In an **emergency** please call Canning Vale Primary School on 9455 4788.

Assemblies: Regular whole campus assemblies are held in the undercover area on most Wednesdays morning's from 8.50am to 9.30am. Our students are included in the assembly and parents are most welcome to attend. Please do not collect your child early from this assembly as it interrupts the assembly and causes distraction to other students. Arrangements can be made to collect your child from the classroom.

Campus Parents and Citizens Association (P & C): Canning Vale P&C Association is an organisation which offers parents a forum to discuss issues, and which canvasses opinions from parents to ensure that their needs are considered when policy is being formulated. The Canning Vale P&C contains within its structure, select sub committees, which focus their efforts on specific issues or needs. All parents are urged to participate in the activities of the P&C and contribute to its many functions, especially fundraising.

Canteen: Our school canteen is under the control and management of an external company.

THE CANTEEN OPENS ON WEDNESDAY - FRIDAY

Lunches are ordered either directly through the canteen or on the online ordering system which can be found on the website called www.quickcliq.com.au

Children's Property: Large amounts of money, valuables, expensive toys or sport equipment are not to be brought to school, as security cannot be guaranteed. Parents can assist in the security of their children's equipment and clothing by ensuring that **all items are clearly identified with the child's name**. The school is not responsible for any lost property.

Community Nurse: The community nurse visits the school regularly. Routine health assessment is offered to all students and vision screening to Year 6 students. Where there are other health concerns parents can access the nurse via the classroom teacher. Written parental consent is required before the nurse can see a student.

Custody and Legal Directives: If only one parent has custody of children, he/she must inform the Principal of access provision for the other parent. Similarly, the School Administration must be advised in writing of any binding legal directives, which need to be applied so that, in our operations, we can ensure compliance with them.

Information cont...

Dental Clinic: The Dental Therapy Clinic is located at Campbell Primary School, Campbell Road, Canning Vale, Telephone 9455 6322. The Dental Clinic caters for all students from Pre-Primary to Year 10. The clinic is open five days each week from 8.15am - 4.30pm. Please advise the teacher if your child has a dental appointment during school hours. **PLEASE NOTE:** Parents are responsible for transporting children to appointments.

Excursions: Teachers from time to time may organise excursions to enhance the delivery of school programs. These activities are often significant in their contribution to achieving the desired outcomes of learning areas. However, educational excursions require school personnel to be particularly careful in protecting the welfare of students. All schools have guidelines set down by the Department of Education regarding the safety of students during activities away from the school environment. These guidelines tell us that we must have authorisation from parents/carers to obtain emergency medical attention in the event of an accident. For this reason we request that you complete an authorisation form for each excursion. Written parental consent will be obtained for all educational excursions. As excursion costs are calculated on whole class attendance, refunds may not be made in the event of your child being unable to attend.

Evacuation: To conform with the Department of Education requirements and for general safety reasons, the school has set evacuation procedures designed to provide for the kinds of emergencies we hope never arise: such as earthquake and fire. Parents are advised that regular practice will occur to ensure correct procedures are followed.

Lost Property: Articles of clothing etc, left around the school are placed in a lost property box in the Harding block foyer. Items unclaimed each semester are donated to a suitable charity or thrown out. Parents can help by ensuring that items of clothing that children tend to remove (hats, jumpers) are clearly marked with the child's name.

Library: From time to time the ESC may utilise the Canning Vale Primary School Library. Children are encouraged to take special care with the books in the library. Parents will be charged for any lost or damaged books (both library and reading). Refunds will not be made in the event that a lost book is returned.

Money Collection: If money is required to be brought in for voluntary contributions, excursions etc, we request that it is placed in the money envelope provided with the excursion / incursion letter with your child's name, the room and the purpose written on the front. It should then be handed either to the class teacher or directly to the CVESC office. Payments can be made by cash, cheque and direct deposit into our bank account *BSB: 066 040 Acc: 19904613*. EFTPOS and Credit Card facilities are also available via the office.

Nut Aware School: Canning Vale Campus have a number of students that are anaphylactic or are allergic to nuts. Because of this we ask parents to be aware and not to send your child to school with products that contain nuts. If you have a child in your class that is allergic to nuts you will receive a separate letter asking for your cooperation.

School Hat Policy: Our school has adopted the "NO HAT - NO PLAY" policy for the whole of the year. This means that for sport and physical education periods children will not be permitted to participate unless they are wearing a hat or approved headgear. During the lunch and recess breaks, children without hats will be directed to the covered assembly area or the library if open. The Uniform Shop carries a school hat and parents are urged to support the school in this policy. It is for the protection of YOUR children.

Key Educational Programmes

School Psychologist: The School Psychologist visits the school on a weekly basis. The School Psychologist attends case conferences and works with individual students at the request of the Teacher and Principal. Written consent will be asked for by the School Psychologist, if he/she require any assessments to be carried out and he/she will contact you with information about the assessment.

Shoes: Covered in shoes are to be worn at all times. No sandals or Gumboots at anytime please for safety reasons. During physical education, shoes should be worn because of uncertainty about the safety of the oval and some of our grounds.

Stationery List: A separate list of student requirements for each year level is issued and will be available from the office throughout the year for anyone who requires additional copies.

Sunscreen: Children need to be encouraged to apply sunscreen before coming to school especially in terms one and four. Parents are asked to provide sunscreen for their child that will be kept in their bag and applied when necessary.

Transport: Students eligible for education support services may also be eligible for transport to and/or from school by bus. This service is the responsibility of the Public Transport Authority. Application can be made online at www.schoolbuses.wa.gov.au Parents must ensure that they, or another authorised adult is available to meet the bus at home or point of pick up/set down each day. The children using the bus service are supervised by staff at school on arrival and departure, regardless of their bus arrival and departure times.

Uniforms: At Canning Vale Education Support Centre, wearing of the school uniform is strongly encouraged. The school uniforms are purchased from Uniforms Concepts Super Store. Their contact details are 30 Kembla Way, Willetton. Ph: 9270 4669. Their opening hours are 9.00am to 5.00pm Monday to Friday, (Thursday 6pm) and Saturday 9am—1pm.

Communications

Newsletters

Twice a term the school newsletter is distributed. A link to the newsletter is emailed to all parents. This newsletter is a direct communication link between the school and family, and parents are asked to go through its contents carefully. The information presented is provided to keep you up-to-date with what is happening at school. The newsletter can also be found on our school website.

Student Communication Diary

This is an important daily communication tool provided by the school. Please write any concerns or information that directly affects your child. Please read the communication diary everyday and initial each day to show that it has been read.

Facebook

Canning Vale ESC has it's own Facebook page. This is constantly kept up to date with all the latest happenings around the school, photos, news, upcoming events and reminders. This is definitely worth adding to your favourite pages.

Parent/Teacher Communication

If you have any concerns about some aspect of your child's schooling, please make an appointment to see the teacher first and then the principal. Unless we are alerted to your issues and concerns, we are unable to act to address and resolve them. Due to the busy nature of their day, teachers cannot always respond to emails promptly. We ask that parents do not use this method of communication but use the communication book or make an appointment.

Parent/Principal or Teacher Meeting

Parents can request a meeting with the class teacher or Principal at any time. Please contact the office to make an appointment through the Manager Corporate Services or the School Officer.

Contributions and Charges

Material from Education Act 1999 and School Regulations 2000

- Contributions (Section 99) are optional and non-optional components of educational program for which the school seeks some contribution toward from parents.
- The Minister for Education has signaled that the intended upper limits to be prescribed in the regulations for these matters will be \$60 for the primary school years and \$235 for Years 7 to 10.
- Charges (Section 100) is the extra cost optional components of educational program for which parents are asked to contribute. (Participation of the child is possibly dependent on parent's willingness to pay.)
- Personal Items (Section 108) are personal materials and other charges (eg student stationery, camps and excursions) not a direct part of the educational program.
- The Principal's determination has no effect unless the School Board has approved it.
- The charges or contributions to apply for a school year are to be determined, approved and advised to parents no later than two months before the beginning of the school year. In most practical senses this will require completion by the end of November in a year.
- When notifying persons of charges or contributions, the Principal should provide either an itemised listing of the components of the charge or contribution or a scale of charges for the components.
- Principals of government schools will continue to be required to demonstrate that they have made every effort to keep fees and charges as low as possible.

These Contributions and Charges are payable at the beginning of the year. The schedule of fees are sent out for the following year at the end of each current year. Contributions and charges can be paid via cash or bank transfer. Cheques made payable to Canning Vale Education Support Centre will be accepted. If you would like to pay on a term basis, please make arrangements with the Manager Corporate Services. Voluntary Contributions can also be paid via our nominated booklist supplier.

Payments for incursions, excursions and voluntary contributions can be made by cash, cheque and direct deposit into our bank account BSB: 066 040 Acc: 19904613. EFTPOS and Credit Card facilities are also available via the office.

457 Visa Holders

In Western Australia, 457 Visa holders will contribute towards the cost of educating their children in public schools pre-primary to year 12.

A tuition fee of \$4,000 per year for each family is payable, regardless of the number of children you have enrolled in public schools. This fee is a contribution to the cost of educating your child/ren.

There is no tuition fee payable if the oldest child attends kindergarten.

Your children have the same entitlements as other local children including enrolment in your local schools.

The visa 457 fee collection is managed on behalf of the Department of Education by TAFE International Western Australia (TIWA). If you are required to pay the tuition fee you will receive an invoice directly from TAFE International Western Australia at the beginning of the school year.

If you would like to know more information about this please phone 9218 2100 or visit tafeinternational.wa.edu.au

Health and Safety

ACCIDENTS TO CHILDREN

Minor injuries or illness during the day are normally attended to at school. In more serious situations, every endeavor is made to contact a parent to arrange for the child to be collected from school. In extreme emergencies the child may be taken to a doctor or hospital. If the child has diarrhea or is vomiting, the parents will be contacted to collect the child from school.

It is very important that parents ensure that EMERGENCY CONTACT NUMBERS are kept up to date. These are kept on all Enrolment Cards and parents need to notify the school administration staff of any changes.

FIRST AID

The staff can offer minimal first aid. The types of injury, which our staff can manage, may include small cuts, bruises or grazes.

The general procedure is to assist the child to become more comfortable and to return to lessons. Beyond this the parents may be contacted at home or at work, and ALWAYS in the case of a head, eye or splinter injury.

We have staff trained in first aid and have two nominated first aid leaders who will be consulted if necessary. Any injuries / situations beyond the above may warrant an ambulance.

Whenever there is any doubt at all, the problem is referred to the parents, who may make their own decisions on the medical treatment required for their child.

SYRINGES AND NEEDLES

In the event of a student discovering a syringe on the school grounds or on the way to school, the student should inform the office. Under no circumstances is a child to pick up or dispose of a syringe or needle. Specific arrangements are in place to attend to such an occurrence.

INFECTIOUS DISEASES

The development of good health practices is an important aspect of school's work. The principal does ask for parents to please leave their child at home if they are unwell. Principals may require a student not to attend school or not to participate in an educational program of the school if the student is suffering from a medical condition that is infectious, contagious or otherwise harmful to the health of persons at the school.

Parents are asked to notify the school immediately after diagnosis of any infectious diseases.

Health and Safety

The following Infectious Diseases summary is provided for parent information:

Hand, Feet and Mouth disease - exclude until all blisters have crusted.

Herpes Simplex (Cold Sores) - young children unable to comply with good oral hygiene practices should be excluded while lesions are uncovered or weeping. A dressing should cover lesions, where possible.

Chicken Pox - exclude from school. Re-admit when fully recovered. Some remaining scabs do not justify continued exclusion.

Conjunctivitis - exclude from school until discharge from the eyes has ceased.

Rubella (German measles) - exclude from school. Re-admit on recovery or until at least 4 days after onset of rash. Contacts do not need to be excluded but should be advised to see their doctor.

Glandular Fever - exclude until child is well.

Hepatitis A - exclude from school. Re-admit on medical certificate of recovery but not before seven days after onset of illness.

Hepatitis B - exclusion is not necessary. Contacts should be advised to see their doctor.

Hepatitis C - exclusion is not necessary.

Impetigo (School Sores) - exclude from school until effective treatment (including the proper use of occlusive dressings) has been instituted.

Influenza like illness - exclude from school. Re-admit on recovery.

Measles - exclude from school. Re-admit on medical certificate of recovery, or at least 4 days after appearance of the rash if well. **Parents are asked to notify the school immediately after their doctor confirms the diagnosis.** Un-immunised contacts should be excluded until 14 days after the first day of appearance of the rash in the last case identified in the school, unless contact was immunised within 72 hours of first exposure. Contacts should be advised to see their doctor immediately.

Mumps - exclude for at least 9 days after onset of symptoms. Contacts should be advised to see their doctor.

Pediculosis (Head Lice/Nits) - Children with head lice are excluded from school. They are allowed to return the day after treatment has commenced. Family contacts may also be infected and should be treated. This is a parent responsibility and should be treated at home. If a student is found with head lice whilst at school, parents will be contacted and asked to collect their child.

Ringworms - exclude from school until the day after treatment has commenced.

Scabies - exclude from school until the day after treatment has commenced. Family contacts may be infested and should be treated also.

Pertussis (Whooping Cough) - exclude for 2 weeks from onset of illness or for 5 days after starting antibiotic treatment.

Exclude un-immunised household / child care contacts aged less than 7 years for 14 days after the last exposure to infection, or until they have received 5 days of treatment. Contacts should be advised to see their doctor.

Administration of Medication

MEDICATION POLICY

Canning Vale Education Support Centre's Medication Policy is based on the Department of Education's '*Student Health Care Policy and Procedures*'.

Where school staff actively administer medication to a student, or supervise the administration of medication by a student, a 'Health Care Authorisation Form' will need to be completed in every instance and at the beginning of each calendar year, by the prescribing Doctor, parent/guardian/carer and Principal.

Staff will assist parents with **reasonable requests** for the administering of prescribed medication where there is an agreement between staff, parents/guardian/carer, and principal and where written instructions from the prescribing doctor have been provided by the parent/guardian/carer. School staff are responsible for student welfare and need to know if a student has a valid medical reason for carrying prescribed medicine to school.

All medications need to be delivered to the class teacher in its original packet/bottle, with a completed **Health Authorisation Form** before a staff member can administer any medication. This includes Panadol and over the counter drugs.

Where a child has brought medicines/tablets into the school without ratification from parents, teachers will take possession of the medication then contact parents for clarification of the child's needs. Staff **will not** administer medication without the above written consent.

Students should self-administer their own medication when capable of doing so and have authorisation for the taking of his or her medication. The students may be supervised or assisted by school staff in administering their medication **where there is an agreement to do so**.

If a student is required to carry and **self-administer prescribed medicine** while at school, the parent/guardian/carer **must advise** the **principal of all relevant details**, e.g. What form the medication takes, the correct dose and the symptoms associated with misuse, overuse, or under-use as indicated by the treating doctor.

Students are **NOT** to keep **medication** (prescribed or non-prescribed) **in their bags**.

Minor Analgesics

Analgesics are non-prescribed pain suppressants (eg. aspirin and paracetamol) and can have undesirable side effects. **Aspirin will not be administered to students without a medical practitioner's written instruction** due to the possibility of Reye's syndrome developing (a potentially fatal disease of childhood).

Administration of Medication cont...

If school staff are to administer medication to the student the following protocol applies:

- a) Parent/carer must provide written authority for the school staff accepting responsibility to administer the prescribed medication (Form 3: Administration of Medication - available from the administration office)
- b) Parent/carer is responsible for the submission in writing of any requirements of the student for medication, including details from the medical practitioner (Form 2: Generic Health Care Management & Emergency Response Plan - available from the administration office) and of the circumstances for the appropriate use and application of the medication
- c) Parent/carer must provide the medication in a properly labelled container (**name of student, name of medication, doses to be taken**). Minimal quantities only should be sent to school unless there is a need for larger amounts to be sent, by agreement with the school.

Medication that is not labelled correctly or out of date will not be accepted for use.

- d) School staff will only administer prescribed medication in accordance with instructions or advice of a medical authority.

A new request/record agreement needs to be made:

- if the dose or medication type is altered
- if the regime is re-started following the expiration of this order
- at the beginning of each NEW calendar year
- if the designated teacher alters

This agreement form is only valid in conjunction with instructions from the prescribing Doctor.

Student Medical Emergency Requests and Emergency Care Plans

It is the responsibility of the parent/carer to provide the school with adequate information regarding the details of the student's medical condition that may require specific action and/or treatment under emergency conditions. Where such a medical condition exists, collaborative discussion needs to take place between school staff; parent/carer and the school principal to develop an emergency action plan upon which all parties agree.

Parents of children with a medical condition will need to contact the school as soon as possible to discuss an action plan to be followed in the case of an emergency.

Immunisations

The Department of Education Student Health Care policy requires parents to present the student's Australian Immunisations Register (AIR) History Statement when enrolling in a public school. The Department of Education no longer accepts the Childs Health Care book as evidence. Please see the administration office if you are unsure where to get your child's AIR History Statement from.

West Australian Immunisation Schedule

1 August 2018

AGE	ANTIGEN	VACCINE BRAND	COMMENT
CHILDHOOD AND ADOLESCENT			
Birth to <7 days	Hepatitis B	H-B-Vax II Paed or Engerix-B Paed	
6 to 8 weeks	DTPa-hepB-IPV-Hib 13vPCV Rotavirus	Infanrix <i>hexa</i> Prevenar 13 Rotarix	Oral Dose 1: 6 - 14 weeks of age
4 months	DTPa-hepB-IPV-Hib 13vPCV Rotavirus	Infanrix <i>hexa</i> Prevenar 13 Rotarix	Oral Dose 2: 10 - 24 weeks of age
6 months	DTPa-hepB-IPV-Hib	Infanrix <i>hexa</i>	
Aboriginal and/or medically at risk	13vPCV	Prevenar 13	
12 months	MMR 13vPCV 4vMenCV (A,C,W,Y)	MMR II or Priorix Prevenar 13 Nimenrix	
Aboriginal only	Hepatitis A	Vaqta	
Pre-term or low birth weight	Hepatitis B	H-B-Vax II Paed or Engerix-B Paed	<32 weeks gestation or <2000g birth weight

Aboriginal only	Hepatitis A	Vaqta	
4 years	DTPa-IPV	Quadracel or Infanrix IPV	
All medically at risk children	23vPPV	Pneumovax 23	

Children should be fully immunised before school entry.

Parents have the right not to have their child immunised but parents must advise the school and complete an Immunisation Exemption Conscientious Objection Form. Schools must still also be given the AIR statement which states that the child has not had any immunisations. Unimmunised students, during an outbreak of a vaccine preventable disease such as measles may be directed by the Department of Health not to attend school for a period of time. In the case of measles, this is usually until 14 days after the onset of the rash in the last case.

For more information call the Central Immunisation Clinic on **9321 1312**, your doctor, Department of Health, Community Nurse or the Australian Immunisation Register on 1800 653 809

It is vital that we have up to date information concerning your child's health and that any health or emergency procedures are clearly communicated and understood by all parties.

Canning Vale Primary School and ESC School Code

The School Code embellishes the characteristics that reflect the excellent characteristics for the development of good citizens.

If we dream and believe and create
We'll succeed

Trust, respect, responsibility we heed

Co-operation and effort are words we declare,

We are proud of our school where we all care and share.

Remember each day the motto we say

Strive to Achieve; it's the Canning Vale Way.
